Press Release

**Cache Logistics Trust Welcomes
ARA Asset Management as New Substantial Unitholder**

ARA is now largest Unitholder with approximately 9.2% of Cache's Issued Units

Singapore, 3 September 2018 – ARA Trust Management (Cache) Limited, the manager (the “**Manager**”) of Cache Logistics Trust (“**Cache**”), announced today that ARA Asset Management Limited (“**ARA**”) is now the largest Unitholder in Cache Logistics Trust (“**Cache**”) with unitholdings of approximately 98.77 million units, or 9.21% of Cache’s issued units base, as at 30 August 2018. The latest accumulation of an additional 43.66 million units follows its recent increase in unitholdings to 5.12% on 24 August 2018, where it became a Substantial Unitholder.

Accordingly, ARA’s shareholders, which include the Tecity group of companies (including the stakes held by subsidiaries of The Straits Trading Company Limited), Warburg Pincus & Co. and its related subsidiaries and Aviation Industry Corporation of China and its related subsidiaries, are deemed Substantial Unitholders of Cache.

In recent years, leveraging ARA’s expanding presence in the region, particularly in Australia, Cache successfully initiated its portfolio rebalancing and growth strategy, where it was a first mover among industrial S-REITs to acquire logistics warehouses in Australia in early 2015. Cache has since acquired a total of 16 warehouses to date in the country. In addition to Australia, the ARA Group has established offices staffed with local real estate professionals throughout Asia Pacific where it manages a diverse suite of REITs and private real estate funds.

CEO of the Manager Mr Daniel Cerf said: “The acquisition of a substantial position in Cache, as well as the recent takeover of a full control of the Manager and the Property Manager, demonstrates ARA’s confidence and strong support in the REIT. We will continue to capitalise on ARA’s established foothold and expanding partnerships to continue executing our well-defined portfolio rebalancing and growth strategy to enhance earnings growth over time.”
